

THE SAGE CREEK TIMES

BRAGGIN' DRAGON STUDENT EDITION

March 9th, 2016

I want to see a Leprechaun
climb up in a tree.
I want to catch a Leprechaun
staring at me.
He'll give me all his coins
all scattered on the ground
he'll be waiting there beside me until they
are all bound.
I want to hold Leprechaun who
is so nice to me.
he'll always greet me with his stories of fine
jewelry.
And then will be best friends till
the moment's end.
Together and forever my leprechaun friend!
