Mom in 5th Grade by: Megan Carbine

**Mom in 5th Grade
by: Megan Carbine**

My mom had an interesting 5th grade experience. My mom's name is Mary, but she goes by her middle name Amelia. She went to two different schools in 5th grade. The schools were Pahvant and Ira J. Earl. She liked both of them but they were very different. The first school that she went to was Pahvant and then Ira J. Earl. Let me tell you a little bit about that.

Pahvant was a very small school in a small town called Sigurd, in Utah, so everybody knew everybody. Amelia's teacher was Mrs. Gledhill. Amelia was excited to be in 5th grade, the oldest grade in her elementary school. Only the 5th graders got to lunch work and she was very excited to lunch work that year.

When the school year was half over she had to move to Las Vegas to her other school, Ira J. Earl. Amelia was sad to leave all of her friends behind. On the last day of school at Pahvant before she moved she felt sick but she still went to school anyways. She was lunch working that day and

Sage Creek Dragons are Fired Up to Learn

Dear Sage Creek Dragon
by Haley Hawks

Dear Sage Creek Dragon is the place in the newspaper where students can ask the Sage Creek Dragon questions and they will be answered. Questions like, what is a great Halloween book to read or favorite game to play in PE. You can also ask how to get along with friends and have a good time at school. You can put these letters in

HAPPY HALLOWEEN

BE BIG !
by Laurissa Blakey

Our school theme this year is be **BIG!** What does that mean? Our librarian, Mrs. Fulmer, said that being **BIG** means "Rising above reacting to silly little stuff. Mrs. Fulmer is

she was serving tater tots and she felt really hot and dizzy. Then everything got pure white and the next thing she knew was that she was laying down in the hallways with nurses standing around her. when she passed out she had to have some people carry her into the hallway, and that was where she woke up.

Ira J. Earl was in Las Vegas Nevada. It was a much bigger school than Pahvant. Kids were not allowed to do lunch work. That school was all fenced up and Pahvant was'nt. In Ira J. Earl you had to line up at a dot before you went inside. But in Pahvant you just went inside without having to line up. You just waited for the bell to ring and then you would go inside. My mom got too scared when she moved to tell anyone that she went by her middle name, Amelia. So at that school everyone knew her by Mary instead of Amelia. Then once she got into middle school she finally told her teachers but not just one teacher she had to tell all six of her teachers. She liked being called Amelia more than being called Mary.

She learned a lot from 5th grade and made extra friends that year. But she also had to leave some behind. That year was pretty crazy for her. That was my mom's life in 5th grade.

Mrs. Tippetts' box located across the hall from the main office and she will make sure the Sage Creek Dragon gets them. They will be answered in the newspaper found on the Sage Creek Facebook page. The Dragon looks forward to hearing from you.

HAPPY HALLOWEEN

by: Chloe Sleight

Happy Halloween!

Halloween is all
about scary
things and
witches,

and vampires, zombies and ghosts. We all think that it is fun to go trick-or-treating and dress up, collecting candy and scaring people. Halloween is a time to see who has the biggest pile of candy and how much of each candy we each got. Suckers, Reeses Pieces and Skittles. Sometimes popcorn. It's a time to spend time with your family carving scary, silly and weird faces into a pumpkin.

Halloween is a time of laughter and silliness. You decorate your yard and drawing on the windows. Playing practical jokes. And the best part of all is that you get to hang out with your family and friends on halloween night telling creepy stories around a campfire, or just at home. The next time you go trick-or-treating try to think of these things and show your true spirit of halloween, with your friends and family.

definitely being **BIG** this year! In fact, on the library's windows she has:

THINK BIG, DREAM BIG, BE BIG!

When we watched a recent assembly we saw the **STRONGEST MEN ON EARTH.** That made me think of how those men were big, with big hearts! Those men had

to work to become that strong. Here, at our Sage Creek, we need to work hard to strengthen our brains for this year to be the best and **Literally the best year ever!!!**

Literally the best year ever!!!

Absolutely the best year ever!!!
