BULLYING is NOT okay!

by Laurissa Blakey

Bullying is not nice, or kind, or something that should happen in this school! We should know better! I am not saying everyone is perfect or evil, I have not been a perfect person. But let me tell you some things that are bullying that I have heard of or seen...

- Breaking/Attacking Snowmen and Snow Forts
- Hacking emails/ Going on other's emails without permission from the email owner
- Name Calling
- Saying things like "Easy Out!" (you're basically saying "This person is not good at this sport!" Not Okay!)
- Talking to people like a baby
- Saying stuff behind people's backs

If you are a bully, and sorry: Say sorry! If you are really sorry, you will not do it

This met with such an uproar that Starflight had to sit down and cover his head with his wings. He'd said the worst possible thing. He'd made

again, to anyone. You should apologize.

If you're being bullied:

People may not always know that they are bully. YOU need to let them know! Hopefully a simple, 'You're hurting my feelings' or 'You're hurting me,' or 'Please stop' will make it stop. If not, you should seek a *trusted* teacher or adult. If no one is around, running away is okay, but usually you only need to walk. The #1 rule will always be:

BE POSITIVE!

Remember, you have the power to influence are you positive or negative?

and empower children!

Every day this week, Sage Creek students will "donate" their recess and walk laps, in hopes that their families and friends will donate \$5 or more to this cause. That's a \$1 for every day they spend walking laps! Any donation will be appreciated!

Sage Creek has donated over 5,000 books to date! Let's donate thousands more!

It only takes a little to **BE BIG!**

Walmart employees partner with the school by labeling and donating water bottles to each student and walking laps. Professor Brad Wilcox was our keynote speaker to kick off the fundraiser and donated \$200 at the assembly. PTA officers have helped with advertisement. A BIG CLIFFORD thank you to all of them.
